

**NRHH Main Motion B | NRHH Building Block of the Year
 Update**

Whereas, currently the NRHH Building Block of the Year award is based on chapters accomplishments from the regional year defined as GLACURH Regional Leadership Conference of the previous year to the GLACURH Regional Leadership Conference of the current year; and,

Whereas, the NRHH Building Block of the Year award is currently selected at the GLACURH Regional Business Conference; and

Whereas, the regional year as defined by GLACURH Regional Leadership Conference of the previous year to the GLACURH Regional Leadership Conference of the current year would not encompass the entirety of the previous year’s chapter activities due to the award being selected at the GLACURH Regional Business Conference; and,

Whereas, the NRHH Building Block of the Year award should be based on the entirety of the chapters activities within the previous year, as defined by when the award is selected for each year;

Therefore let it be resolved, the NRHH Building Block of the Year award year specificity be changed to encompass the chapter's activities within the past year by defining a year to be the previous year’s GLACURH Regional Business Conference to the current year’s GLACURH Regional Business Conference; and,

Therefore let it finally be resolved, Title IV, Article I, Section 4, Subsection 2 of the Great Lakes NRHH Policy Book read as:

Article I	NRHH Regional Awards
Section 4	<p>2. Only year specific information will be considered; bid content must reflect accomplishments from 12 p.m. of the Saturday of the previous years GLACURH Regional Leadership Business Conference to 12 p.m. of the Saturday of the current year’s GLACURH Regional Leadership Business Conference, all information outside of this timeline will be disregarded.</p>

Respectfully Submitted,

Becky VanWychen, Associate Director of NRHH
