

Whereas, the GLACURH NRHH Policy Book and GLACURH Governing Documents are separated, which has caused for confusion on where to find certain policies; and,

Whereas, Title 3 of the GLACURH Governing Documents is dedicated to NRHH and would allow for the easy recombination of the GLACURH NRHH Policy Book into the GLACURH Governing Documents; and,

Whereas, much of the information about NRHH regional positions and bidding have referral sections to the GLACURH Governing Documents and having one consecutive document would allow for consistency and easily accessible information ; and,

Whereas, combining the GLACURH NRHH Policy Book and GLACURH Governing Documents does not and will not degrade NRHH by putting it “underneath” GLACURH or phasing the identity of NRHH into GLACURH; and,

Whereas, combining the GLACURH NRHH Policy Book into the GLACURH Governing Documents will not remove NRHH-CC voting rights, NRHH-CCs will retain voting rights over Title 3: NRHH of the GLACURH Governing Documents;

Therefore let it be resolved, that Title I, II, V, and VI of the GLACURH NRHH Policy Book be moved and reorganized as articles under Title III of the GLACURH Governing Documents in order to accurately recombine all NRHH specific information into the NRHH Title of the GLACURH Governing Documents;

Therefore let it be further resolved, that Title IV Article 1, Section 3, 6, 4, 5, 7 of the GLACURH NRHH Policy Book be moved to the GLACURH Governing Documents to Title IX Article XXI, Section 11, 12 and Article XXII, Section 4, 5, 6 respectively in order to combine the award policies;

Therefore let it further be resolved, that Title III Article II of the GLACURH NRHH Policy Book be moved to and reorganized as an article with Title 4 of the GLACURH Governing Documents to accurately recombine the ADNRHH Position description into the Regional Board of Directors position descriptions;

Therefore let it further be resolved, that Title III Article I of the GLACURH NRHH Policy Book be moved to Title II and created into Article IX in order to transfer the NRHH-CC position description into the GLACURH Governing Documents;

Therefore let it further be resolved, that all remuneration of articles and descriptions that are affected by this recombination is to be thoroughly analyzed and done by the 2017-2018 Great Lakes ADNRHH, in order to maintain a fully functional GLACURH Governing Documents, with navigable titles, articles and sections;

Therefore let it finally be resolved, that NRHH-CCs maintain voting over Title III of the GLACURH Governing Documents as well as all NRHH related Bid categories or legislation presented specifically making change to NRHH positions

Respectfully Submitted,
Becky VanWychen - Associate Director of NRH
